

STATEWIDE ENROLLMENT OPTIONS LOTTERY PROCEDURES
for HOPKINS PUBLIC SCHOOLS

All open enrollment applications received by January 15th deadline will be processed through an impartial lottery. Priority placement will be given to:

- (1) Siblings of current open enrolled students
- (2) Children currently enrolled in a district pre-school program

If needed, three separate randomized lotteries will be held for each grade level at each elementary school. The groups to be processed are: (1) siblings of current open enrolled students; (2) children currently enrolled in a district pre-school program; and (3) all remaining applicants – in this order. Results will be added to a master list in this same order.

This same process will be repeated for secondary level schools, with the exception of the lotteries for students currently in a pre-school program.

Once the master list is generated, placements are made on a space available basis, in the order generated by the lotteries.

Applicants not placed during the initial round will remain on a waiting list. Applicants applying after the January 15th deadline will be added to the waiting list by date of submission.

Current numbers for all locations/grade levels and the waiting list will be reviewed on a regular basis, with placements made as allowed.

Waiting lists do not roll from one year to the next. Applicants must re-apply from one year to the next if they remain on the waiting list at the end of the school year.

Open Enrollment for XinXing Academy Chinese Immersion program –

The same process noted above will be followed for XinXing Academy, with the following exception:

Hopkins School District residents will always have priority for placement at XinXing, regardless of when application is received. If an open enrollment waiting list exists and a resident application is received, it will move to the top of the waiting list.

For open enrollment into Hopkins Public Schools, including XinXing Academy: If you receive an offer for placement, there will be a deadline which you are required to respond by. If you miss this deadline, the space you were offered will be given to another child from the waiting list. If you decide you are still interested in pursuing open enrollment, you will need to re-apply.
